Monday 23 April 2018
H: 11:00-14:30 Aula A2, Via Ariosto, 25 Roma

InCites Laboratory

Massimiliano Carloni, Clarivate Analytics

Electronic Engineer with an E-MBA he has been operating for over 20 years in Sales & Marketing in different sectors and markets. Previously, he served for five years in the defense industry, dealing with strategic marketing, business development and institutional relations. He was in charge of the Italian Top Accounts of Elsevier. Since March 2013, he has been working in Clarivate Analytics (at that time Thomson Reuters) as Solution Consultant being in charge of pre- and post- sales customer support for European customers.

He has developed a deep knowledge of the academic publishing market, paying particular attention to digital platforms.
